PROFESSIONAL MEMBERSHIPS

- Graduate Member of the Institute of Engineers Australia (Grad.M.I.E.Aust)

Since joining InterSafe Ricky has expanded his knowledge to include incident investigation, hazard awareness and occupational health and safety systems.

Ricky's work at InterSafe has involved:

- Investigating over 100 incidents and preparing expert reports for the legal profession
- Conducting a wide variety of inspections such as crash incident investigation, workplace injury and public liability incidents
- Facilitating workplace interviews for clients to understand areas of elevated risk exposure
- Undertake research into the patterns of damage to workers in various industries
- Delivering training in hazard awareness, risk related data capture processes and risk management
- Performing audits and risk assessments on equipment and work areas
- Undertaking ergonomic assessments on individual workstations and work tasks
- Carry out slip testing on a variety of surfaces

InterSafe has worked for various government organisations as well as multinational, national and local organisations in the private sector in the following industries:

- Mining
- Construction
- Oil & Gas
- Manufacturing
- Electricity, Gas and Water
- Telecommunications
- Professional, Scientific and Technical Services
- Accommodation and Food Services
- Agriculture
- Health Care
- Transport and Storage
- Property Management
- Retail and Wholesale Trade
- Arts and Recreation

Who is InterSafe?

InterSafe specialises in incident investigation to Engineer Safer Workplace Solutions. InterSafe has assisted our clients in effectively controlling the future through preparation of more than 10,000 comprehensive incident reports (dealing mostly with fatal/permanently disabling occurrences) throughout 60 years of collective experience.

This experience has led to a unique way of thinking about, investigating and preventing incidents. InterSafe shares these powerful and effective investigation models and techniques through a range of courses and services.
